

BUILDING AND GROUNDS SECURITY

School district buildings and grounds constitute one of the great investments of the Hull Public Schools. It is deemed in the best interest of the district to protect the investment adequately.

Security should mean not only maintenance of a secure (locked) building but protection from fire hazards and faulty equipment and safe practices in the use of electrical, plumbing, and heating equipment. The Committee requires and encourages close cooperation with local police and fire departments and with insurance company inspectors.

Records and funds shall be kept in a safe place and under lock and key when required.

Access to school buildings and grounds outside of regular school hours shall be limited to personnel whose work requires it. An adequate key control system shall be established which will limit access to buildings to authorized personnel and will safeguard against the potential of entrance to buildings by unauthorized persons.

School buildings shall be closed and locked after the last school activity has concluded in the afternoon except in those instances when there is continuous activity into the evening, in which case securing of the building shall be accomplished at the conclusion of such activity.

A building being used by an authorized school or community group in the evening, or on non-school days, shall be opened for such activity and secured again after its conclusion.

No unauthorized person or group shall be granted access to a secured building by any employee. Authorization may be granted only by the School Committee, by the Superintendent of Schools and his/her staff, and by the Principal of the school.

Protective devices, designed to be used as safeguards against illegal entry and vandalism, shall be installed when appropriate to the individual situation. Employment of security personnel may be approved in situations where special risks are involved.

The building Principal is responsible for enforcing this policy.
