

MEMORIALS

The School Committee recognizes that the death of a student, member of the staff, or prominent community member is deeply felt by the school community. As places designed primarily to support learning, school sites should not serve as the main venue for permanent and/or temporary memorials.

It is first encouraged that permanent and/or temporary memorials within the schools shall be limited in form to perpetual awards or scholarships.

A majority vote of the School Committee is required for the final approval of and/or removal of, all permanent and/or temporary memorials.
