

SUMMER SCHOOLS

The Hull Public Schools will conduct summer sessions as a supplement to the instruction offered during the school year, when funding for such programs is available. The focus of the program will be remedial work in reading, writing and mathematics.

To attend remedial summer school, students must have the approval of their classroom and/or special subject teachers and the building principal.

Students at all instructional levels may attend approved summer schools for remedial, credit recovery, enrichment, or make-up purposes. Credit towards graduation requirements may be granted high school students in line with regulations of the Hull Public Schools.

All summer programs will be subject to annual approval by the School Committee.
