

IMMUNIZATIONS OF STUDENTS

Students entering school for the first time, whether it is at kindergarten or through transfer from another school district, will be required to present a physician's certificate attesting to immunization against communicable diseases as may be specified from time to time by the Department of Public Health.

The only exception to these requirements will be made on receipt of a written statement from a doctor that immunization would not be in the best interests of the child; or, the parents/guardian state that vaccination or immunization is contrary to their religious beliefs of the student or parent/guardian.

Adoption: December 2015

First reading 2019 revision: November 4, 2019

Second reading: December 9, 2019

Adoption: January 13, 2020

Proposed reconsideration: January 2025
