School Safety and Emergency Preparedness Forum

Hull Public Schools has engaged National School Safety and Security Services, a national school safety consulting firm, to assess the district's security and emergency preparedness. Dr. Kenneth Trump, the firm's president, and Chuck Hibbert, a senior consultant, will be conducting an on-site visit to the district on September 18th and 19th. As part of the assessment process, these national experts are holding a listening session to get feedback and questions parents and school staff have about school safety in Hull Public Schools. The session will be held on Monday, September 18th, from 7:00 to 8:00 pm at Hull High School.

Parents and school staff are invited to participate as part of this information gathering process.
