

Jacobs School Blue Notes

October 6, 2022

A Note from the Principal

Tomorrow is our second school-wide assembly of the year! The focus this month will be on safety. Safety is our top priority at the Jacobs School and one of our core values. During tomorrow's assembly, several safety videos created by students and staff will be played and discussed. Focus areas will include safety in the classroom, hallways, recess, cafeteria, and the bus. In addition, our school resource officer, Officer DeVecchio, will talk to students about his daily role at the school.

Just a reminder, students may only go home on a bus not assigned to them for emergency childcare situations. Our buses are once again close to capacity with the decrease in car riders over the last couple years. Please make sure to send in a note with your child to be approved by the office if you are faced with a childcare dilemma.

I look forward to seeing students in their blue and gold tomorrow...YO-HO!

Meet the Interns!

This year we have two social work interns working with Dr. Rosenplanter. They will be providing whole class lessons on social-emotional learning as well as counseling in small groups and individually. We'll let them introduce themselves:

Becca Scafidi- My name is Becca and I am one of the social work interns here at the Jacobs School! I have a Bachelor's Degree in Social Work and will be graduating from Bridgewater State University with my Master's Degree in Social Work this upcoming spring. I have experience working with children as I have been a nanny for 4 years for children 0-7 years of age. Some things that I like to do for fun are reading, going for walks on the beach, and spending time with my friends. I'm looking forward to getting to know everyone and having a great school year!

Hannah Murphy- I am one of the Jacobs School adjustment counselor interns, and I will be here until May 2023. I am currently pursuing my Master's Degree in Social Work, and I have my Bachelor's Degree in Psychology. I have a lot of educational background in child development, as well as experience working with families in the community, connecting them to resources that can support them. I have also volunteered as a summer camp counselor for school aged children. I am looking forward to working with the children of the Jacobs School, supporting their social-emotional development so they can flourish in their learning. Outside of school I enjoy baking, playing sports, and football Sundays!
