

Jacobs School Blue Notes

June 8, 2023

A Note from the Principal

On Tuesday, the 6th grade content area teachers and unified arts staff visited their soon-to-be new school to meet with the current 5th grade students. The Student Council gave their future teachers a welcoming and informative tour of the building and introduced them to staff and students. This is a stark contrast to prior years, when all our fifth graders would pile onto a bus to visit the middle school to acquaint themselves with the building and meet the principal and teachers. I could not be more excited to have the opportunity to continue working with the Class of 2030 over the next two years!

As the Class of 2030 begins their adventure as pioneers of the new Jacobs Middle School, the Class of 2036 prepares to enter kindergarten! At last night's Kindergarten Orientation, a new group of 4- and 5-year-old students visited the school that will soon become an important part of their lives. Although they met all the kindergarten teachers, they won't find out which teacher is theirs until August. Likewise, grade 6 students have met their teachers but won't receive their class schedule for next year until August. Rising 1st-5th grade students will meet with their new teachers and classmates on the last day of school – just a week away – Thursday, June 15! On that day students will receive their final report cards along with a summer reading packet. To make reading even more enjoyable than it already is, the PTO is organizing Bingo for Books, offering students the chance to win prizes and adding an extra fun element to their summer reading.
