Course: Psychology

Teacher: Mr. Mullin

Overview:

Dear Parents and Students,

Welcome back to Hull high school! I would like to introduce myself, my name is Mr. Mullin and for the 2018/2019 school year I will be your Psychology teacher. This year will be my seventh year teaching at Hull high school. For the four years before working in Hull, I taught High School in New York City where I earned my Masters Degree in Social Studies Education. You will soon find that I am passionate about politics, history, teaching and all areas of the social sciences. With this you will also find that I expect the best effort from all students that I have the pleasure of teaching. Although, I have recently lived in New York City my original home is Massachusetts and it feels good to be back home. I am now proud to call the South shore home and I am honored to be a member of your community.

This class will begin with the study of the basic facts and terminology of Psychology and then work it's way into many different facets of human behavior and the human mind. As your teacher, I hope to actively engage you in the study of Psychology and what makes being human so fascinating and help explain why we act in certain ways. This means that the course will not just be memorization of information, but students will actively be engaged in the concepts, themes and debates that encompass Psychology. This approach will cover many avenues of academic engagement such as; debates, research, test taking, quizzes, projects, note taking and essay writing.

My goal is to build a partnership with families and community members. Together we can create a learning environment that can help you succeed in this competitive world. Attached you will find course requirements and classroom expectations that are essential for a successful year at Hull High School. Your first homework assignment is to have you read and sign this letter and return it to class. This way you know what is to be expected to have a successful year in Psychology class.

I am very excited about this year and what it has to offer! We are a team and our goal is to have you receive the best education possible. I want to stress, the most important factor to a strong foundation in education is your (the students) involvement. With our teamwork you will get the best opportunities this world has to offer. I want to thank you in advance for your cooperation and support here at Hull High School. If you have any concerns or questions feel free to email me at bmullin@town.hull.ma.us.

It's going to be an amazingly fun and challenging year. I look forward to working with you and having a successful school year!

Sincerely, Mr. Mullin

Course Breakdown

I. Assessment - 40%

Tests: Tests will be given on a regular basis and they will always be announced.

Quizzes: Quizzes will be given with or without announcement. If information for a quiz is to be “memorized” I will warn you. Otherwise, it will be based on open notes and open homework.

II. Essays and Projects - 40%

At least once a semester there will be a project or essay assigned by Mr. Mullin. The projects will vary and there will be ample time to choose and prepare for a project.

III. Homework -10%

Homework is given nearly every day and it is due the next day. There will only be homework extensions if you are absent. **There is NO late homework.**

IV. Participation/Attendance - 10%

Participation includes; *arriving on time, assigned seat, prepared for class, taking notes, and participation.* Participation and attendance grades will be broken into two categories: attendance and classwork. Everyday credit will be given in both of these categories.

Super Important Information:

Absences: When absent, each student is responsible for finding out the work he or she missed. This means getting homework assignments, notes, handouts, etc. Lateness and unexcused absences will result in reduction from final grade.

Housekeeping: Keeping the room clean... Please KEEP it clean.

Community Help: If anyone has friends or family members that have had a life experience that they would like to share with the class, please get in touch with me. For example: War veteran, politician, refugee or any relevant life experience that relates to the material we cover in class.
