

CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

The School Committee believes that student activities are a vital part of the total educational program and should be used as a means for developing wholesome attitudes and good human relations and knowledge and skills. Therefore, the Hull Public Schools will provide a broad and balanced program of activities geared to the various ages, interests, and needs of students.

The following will serve as guides in the organization of student activities:

1. The schools will observe a complimentary relationship to the home and community, planning activities with due regard for the widespread and rich facilities already available to students;
2. The assistance of parents in planning activity programs will be encouraged;
3. The goal for each student will be a balanced program of appropriate academic studies and activities to be determined by the school, the parents, and the student. This should be a shared responsibility;
4. Guidance will be offered to encourage participation of all students in appropriate activities and to prevent over-emphasis on extracurricular activities at the cost of academic performance; and
5. All activities will be supervised; all clubs and groups will have a faculty advisor.
6. The Hull Public School District shall be held harmless from any claims, suits, liabilities, causes of action or responsibility of any type for any accidents, injuries or death connected with this policy. Parents/Guardians and student must sign the PARENT/STUDENT CONSENT RELEASE FROM LIABILITY AND INDEMNITY AGREEMENT - File: BBC as presented in the Hull Public Schools Policy Manual.

CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

1. Advantages and privileges of public schools include all extracurricular activities made available, sponsored or supervised by any public school. No school shall sponsor or participate in the organization of outside extra-curricular activities conducted at such school that restrict students participation on the basis of race, color, sex, religion or national origin. 603 CMR 26.06(1) does not prohibit School Committees from allowing use of school premises by independent groups with restrictive membership.
2. No student shall be denied the opportunity in any implied or explicit manner to participate in an extra-curricular activity because of the race, color, sex, religion or national origin of the student except as provided in 603 CMR 26.06(7).
3. Each School Committee shall provide a fair distribution of athletic expenditures. Each school within such system shall provide equal opportunity for male and female students to participate in intramural and interscholastic sports. Factors considered in determining equal opportunity shall include budgetary allocations, the proportion of male and female students in the student body, the number and nature of activities offered, levels of competition, equipment (including rate of replacement), supplies, awards, uniforms, facilities, scheduling of games and practice times, travel opportunities and allowances, opportunities to receive equitable coaching and instruction at each level of competition and the availability of services such as medical and insurance coverage, publicity, clerical and administrative staff, scouting services and audio-visual aids.
4. In developing its athletic program, a school shall be required to demonstrate good faith by taking into account determined student interest.
5. In order to insure fair distribution of athletic expenditures as defined in 603 CMR 26.06(4), each school shall indicate in the budget that is reviewed by the School Committee the anticipated expenditure for each interscholastic and intramural athletic activity and the anticipated student participation in the activity by number and sex.
6. A school may establish separate teams for males and females for interscholastic and intramural compensation in a particular sport, provided that the requirements of 603 CMR 26.06(8) are satisfied.
7. Teams comprised primarily or solely of persons of one sex shall be granted equal instruction, training, coaching, access to available facilities, equipment and opportunities to practice and complete as teams engaged in a similar activity comprised primarily or solely of persons of the opposite sex.
8. Each school shall actively encourage participation in extra-curricular activities for both boys and girls and for racial and ethnic minorities. When offering extra-curricular programs, schools shall take into consideration the ethnic traditions of the student body. Criteria not related to skill levels which act to exclude members of one sex of any racial, religious, or ethnic group represented in the school from participation in specific athletic or other extra-curricular activities cannot be permitted.

9. The Hull Public School District shall be held harmless from any claims, suits, liabilities, causes of action or responsibility of any type for any accidents, injuries or death connected with this policy. Parents/Guardians and student must sign the PARENT/STUDENT CONSENT RELEASE FROM LIABILITY AND INDEMNITY AGREEMENT - File: BBC as presented in the Hull Public Schools Policy Manual.
