

Academic Support Class

The purpose of Academic Support is for preview and review of material and concepts taught in all academic subjects. Student's goals on their IEP are also followed. The reinforcement of basic academic study skills is also further developed. The goal is to provide small group/individualized instruction.

Expectations: Students are expected to put forth their best effort in all subjects.

Grading: Students are graded based upon:

- Being prepared for class
- Productive use of time
- Follow staff directions and being respectful of others
- Complete at least one assignment
