

Memorial Middle School & Raising Multicultural Kids

We are excited to announce that students will learn about a new enrichment activity with Elobel Cornelio!

Why this program is important?

Students will gain a greater understanding of the self and of others while learning to appreciate differences. All middle schoolers will be introduced to the new enrichment activity, surveyed on their school experiences, and be given the option to self-select into the program. Students who self-select into the weekly sessions during enrichment with Elobel will build relationships, strengthen skills, and gain confidence to be a leader in the community. There will also be the opportunity to join the after school diversity club. The program will end with a student-led event to raise awareness and inspire community connection.

Learn more at our parent information session

Where: Jacobs Elementary Library

When: Tuesday, November 23rd at 6:00 pm

Meet Your Leader:

“HI! I am Elobel, a senior at Bridgewater State University, I am majoring in Sociology and Elementary Education. I cannot wait to become a teacher!! I am married and I have 3 kids. We love playing board games and watching movies!”
