

STRETCH YOUR FOOD BUDGET

Hull Public Schools has partnered with Dennis Zaia and the Hull Rotary to run a new program called Stretch Your Food Budget. We know that especially due to COVID-19 some families may need some additional support. This program offers weekly home delivery of free meal kits that include easy-to-make and delicious recipes along with all of the necessary ingredients. Each meal kit takes about 20 minutes to prepare and provide 4-6 servings—enough to feed a family! You can sign up just once or you can sign up every week. If you are interested in having meal kits delivered to your home, you will need to sign up each week by completing the google form at the link below. If you have any questions about the program, please contact Rebecca MacDonald at rmacdonald@town.hull.ma.us.
