MOBILE COMPUTING DEVICE ACCEPTABLE USE POLICY

HPS Mobile Computing Projects Policy, Procedures, Information Guide & Loan Agreement

The HPS Mobile Computing Devices are tools and resources for the 21st Century Learner. Excellence in education requires that technology be seamlessly integrated throughout the educational program. Increasing access to technology is essential for that future, and *one* of the learning tools of these twenty-first century students is the mobile computing device (ie: iPads, Android tablets, Windows Tablets, Netbooks, etc...). The individual use of mobile computing devices is a way to empower students to maximize their full potential and to prepare them for college and the workplace.

According to studies and school reports, students who use a computing device in a one-to-one education environment are more organized and engaged learners, attend school more regularly, advance their knowledge and understanding of technology, and become constructors and designers of formation and ideas. Mobile computing devices are devices that make learning more engaging and assessable by freeing up the student from being tied to a static location.

Learning results from the continuous dynamic interaction among students, educators, parents and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with mobile computing devices integrate technology into the curriculum anytime, anyplace.

The HPS Computer Network and Mobile Computing Devices are established for a limited educational purpose, and have not been established as a public access service or a public forum. The HPS has the right to place restrictions on the use of the Computer Network and Mobile Computing Devices it issues, and to require users to abide by system rules and School Committee policies, including but not limited to, the HPS' Non-Discrimination Policy and Prohibition Against Sexual Harassment and the HPS' Anti-Bullying Policy and Bullying Prevention and Intervention Plan and to protect the confidentiality of student record information and personnel record information.

While there are many valuable resources on the Internet, there also are many sites that can be considered inappropriate for students and serve no educational value. All individuals using the Internet must use the Computer Network and Mobile Computing Devices responsibly to ensure it is only used for educational purposes, and must be consistent with the academic activities of the HPS and will be under the supervision of HPS staff. By using the HPS networked information resources, both student and adult users are agreeing to accept this policy.

Use of the HPS Computer Network and Mobile Computing Devices, including without limitation networked information resources, for any illegal or commercial activities is prohibited.

1.0 GENERAL INFORMATION

The policies, procedures and information within this document apply to all student mobile computing devices used at the Hull Public Schools, including any other device considered by the administration to come under this policy. Teachers may set additional requirements for use in their classroom.

1.1 Receiving your Mobile Computing Device

Mobile computing devices will be distributed during "Device Orientation".
Parents & students must sign and return the Mobile Computing Device
Acceptable Use Policy and Student Pledge before the device can be issued to their child.

1.2 Returning your Device

Devices with accessories will be returned back to the Hull Public Schools during the final week of school or upon sooner request. If a student leaves or transfers out of the Hull Public Schools District during the school year, the device will be returned at that time. Students who withdraw, are suspended or expelled, or terminate enrollment at Hull Public Schools for any reason must return their device with accessories on the date of termination.

2.0 CARE OF THE MOBILE COMPUTING DEVICE

The mobile computing device is school property and all users will follow this policy and the Hull Public Schools Acceptable Use Policy for this technology. Students are responsible for the general care of the device and assorted accessories they have been issued by the school. Devices that are broken or fail to work properly must be taken as soon as possible to the technology department for an evaluation of the equipment.

2.1 General Precautions

- Only use a clean, soft cloth to clean the screen, no cleansers of any type.
- Cords and cables must be inserted carefully into the device to prevent damage.
- Devices must remain free of any writing, drawing, stickers, or labels that are not the property of the Hull Public Schools.
- Devices must never be left in an unlocked locker, unlocked car or any unsupervised area.
- Students are responsible for keeping their device's battery charged for school each day.

2.2 Screen Care

The screens can be damaged if subjected to tough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the device when it is closed.
- Do not place anything on the device that could put pressure on the screen.
- Clean the screen with a soft, dry cloth or anti-static cloth.
- Do not "bump" the device against lockers, walls, car doors, floors, etc. as it will eventually break the screen.

3.0 USING YOUR DEVICE AT SCHOOL

Mobile Computing Devices are intended for use at school each day. In addition to teacher expectations for device use, school messages, announcements, calendars, grades, school work, and schedules may be accessed using the device. Students must be responsible to bring their device to all classes, unless specifically instructed not to do so by their teacher.

3.1 Mobile Computing Devices Left at Home
If students leave their device at home, they are responsible for getting the course work completed as if they had their device present, and may ask if a loaner device is available for the class.

3.2 Mobile Computing Devices Undergoing Repair
Loaner devices may be issued to students when they leave their devices for repair with the technology department. There may be a delay in getting a device should the school not have enough to loan.

3.3 Charging your Mobile Computing Device's Battery
Devices must be brought to school each day in a fully charged condition. Students need to charge their devices each evening.

3.4 Screen Savers/Background Photos
Inappropriate media may not be used or accessed on the device as a screen saver or background photo. Inappropriate media includes but is not limited to the presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, and gang related symbols or pictures and will result in disciplinary actions.

3.5 Sound, Music, Games, or Programs
Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes. All required school software/Apps will be provided by the district. Inappropriate material includes but is not limited to the presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, and gang related symbols or pictures and will result in disciplinary actions.

3.6 Printing
Wireless printing will be available for devices in the library and classrooms.

3.7 Home Internet Access
Students are allowed to set up access to wireless networks on their mobile computing devices.

3.8 Passwords
All users must be aware that they should not have any expectation of personal privacy in the use of these devices. If a password is used to lock a device, the password must be given to administration upon request.

4. MANAGING YOUR FILES & SAVING YOUR WORK

4.1 Saving to the Mobile Computing Device/Cloud
Student may save work directly on the device. It is recommended students e-mail documents to themselves and/or their teacher for storage on a flash drive or district server or sync to iCloud, Google Docs, Dropbox or similar online service.

Storage space will be available on the device but it will NOT be backed up in case of re-imaging. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion.

4.2 Network Connectivity
The Hull Public Schools makes no guarantee that their network will be up and running 100% of the time.

5. SOFTWARE ON MOBILE COMPUTING DEVICES

5.1 Originally Installed Software
The software/apps originally installed by the Hull Public Schools must remain on the device in usable condition and be easily accessible at all times. From time to time the school may add software applications for use in a particular course. Periodic checks of mobile computing devices will be made to ensure that students have not removed required apps or added apps that are not appropriate for school.

5.2 Additional Software
Students are allowed to load extra software apps on their mobile computing device via wireless Internet connection, CD, DVD, flash drive or the like. Students are allowed to log into their personal online accounts (for example, iTunes or Android marketplace) in order to load appropriate software apps at their own expense. Under NO circumstance is any school device to be connected or synchronized to ANY computer. This action could wipe the device.

5.3 Inspection
Students may be selected at random to provide their mobile computing device for inspection.

5.4 Procedures For Reloading Software
If technical difficulties occur or inappropriate media is discovered, the device will be restored from backup. The Hull Public Schools do not accept responsibility for the loss of any software or documents deleted due to re-imaging.

5.5 Software Upgrades
Upgrade versions of licensed software/apps are available from time to time. Students may be required to turn in their device for periodic updates and synching.

6. ACCEPTABLE USE

6.1 Statement of Responsibility
The use of a mobile computing device is a privilege. The user is responsible for what he/she says and does on the network. Communication with thousands of others is quick and easy. Therefore it is important for the user to **stop** and **think** before communicating and to show respect for other people and for their ideas. Student users should assume that none of their data is private or confidential. Any communication or data may be subject to review by the technology department or school administration. Please refer to the district "Internet Use Policy" which is located in the student handbook.

6.2 Confidentiality and Data Guidelines
The Hull Public Schools abides by the Family Education Rights and Privacy Act (FERPA), The Children's Online Privacy Protection Act (COPPA), The Children's Internet Protection Act (CIPA), The Protection of Pupil Rights Amendment (PPRA), and Freedom of Information (FOI). Guidelines, protocols, and service contracts have been established to

ensure all data systems, cloud based resources, locally installed applications, databases, and vendors protect and secure the confidentiality and privacy of students.

6.3 Parent/Guardian Responsibilities

Talk to your children about values and the standards that your children should follow on the use of the Internet just as you would on the use of all media information sources as television, telephones, movies, and radio. If you have particular concerns regarding use of the mobile computing device by your child, these conditions, access to sites, material, content or the like, you must discuss it with the school.

6.4 School Responsibilities

- Provide Internet access to its students.
- Provide Internet Blocking of inappropriate materials while on the school wireless and wired networks.
- Provide network data storage areas. These will be treated similar to school lockers. The Hull Public Schools reserves the right to review, monitor, and restrict information stored on or transmitted via Hull Public Schools owned equipment and to investigate inappropriate use of resources.
- Provide staff guidance to aid student in doing research and help assure student compliance of the "Internet Use Policy".
- Teachers, administrators and other school personnel who are using the Internet as part of their teaching may call the HPS Technology Department to request that a specific site be blocked or unblocked. Such decisions will be made by those responsible for monitoring the HPS filtering system in consultation with appropriate school personnel.

6.5 Students Responsibilities

- Use computer/devices in a responsible, respectful, and ethical manner. Responsible users will not use computers, devices or the network:
  o for commercial purposes of any kind;
  o for political lobbying, although users may use the system to communicate with representatives and to express his/her opinion on political issues;
  o for illegal or criminal activities;
  o for posting, disclosing or otherwise disseminating personal contact information about themselves or other people, including name, address, telephone, school or work address, without the prior permission of a school administrator, and the prior written permission of the individual whose personal contact information is to be posted;
  o for posting or otherwise disseminating a message that was sent to them privately without permission of the person who sent the message. This provision does not prohibit a user from promptly disclosing to a teacher or school administrator any message they receive that is inappropriate or makes them feel unsafe;
  o to threaten, humiliate, bully, harass, intimidate or send offensive information to another person or about another person;
  o for posting chain letters, engaging in spamming or engaging in any other inappropriate form of communication over the computer network;
  o for posting, disclosing or otherwise disseminating personnel record information without prior permission of a school administrator unless such disclosure or dissemination is permitted by federal or state law;

- o for viewing, possessing, posting, disclosing, sending, sharing or otherwise disseminating sexually explicit digital pictures, text messages, emails or other material of a sexual nature on any computer, cell phone or other electronic device regardless of whether federal or state child pornography law is violated;
  - o for activities which disrupt the educational environment;
  - o for unethical activities, such as cheating on assignments or tests or engaging in plagiarism;
  - o for activities that invade the privacy of others;
  - o violate the legal rights of software producers, network providers, copyright and license agreements;
  - o to permit students to interact with any websites that require input of personal or student identifiable information (such as name, address, telephone number, email address, etc.) unless the use of such website has been approved by the HPS Technology Department; and to violate the provisions of M.G.L.c. 71, §37O, including its provisions of regarding bullying, cyberbullying and retaliation.
- Obey general school rules concerning behavior and communication that apply to network use according to the **Hull Public Schools Internet Use Policy.** This policy is available online and in the student handbook and must be signed by students and their parents each year.
- Use all technology resources in an appropriate manner so as to not damage school equipment. This "damage" includes, but is not limited to, the loss of data resulting from delays, non-deliveries, mis-deliveries or service interruptions cause by the students' own negligence, errors or omissions, or hacking. Use of any information obtained via Hull Public Schools designated Internet System is at your own risk. Hull Public Schools specifically has no responsibility for the accuracy of quality of information obtained through its services.
- Help Hull Public Schools to protect our computer system/device by contacting an administrator about any security problems you may encounter. Students will not attempt to gain unauthorized access to the HPS Computer Network and Mobile Computing Devices or any other computer network or go beyond the user's authorized access, make deliberate or malicious attempts to disrupt the Computer Network and Mobile Computing Devices or destroy data by spreading computer viruses or by any other means, or otherwise vandalize, tamper with, destroy or interfere with the Computer Network and Mobile Computing Devices, with programs, data, files or any other electronic information or devices or attempt to vandalize, tamper with, destroy or interfere with the Computer Network or Mobile Computing Devices, with programs, data, files or any other electronic information or devices.
- Students should always turn off and secure their mobile computing device after they are done working to protect their work and information.
- If a student should receive email or other electronic message containing inappropriate or abusive language or if the subject matter is questionable, it must be reported immediately to a staff member or parent/guardian.
- Return the device to Hull Public Schools at the end of each school year.
  Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment from the Hull Public Schools for any other reason must return their school issued mobile computing device on or before the date of termination. Students and parents must return the device and all accessories in good working condition whenever directed to do so by the school. If you do not fully comply in a timely manner with all

terms of this Agreement and the Internet Use Policy including the timely return of the property, the district shall be entitled to declare you in default and may notify the police and/or pursue legal action.

6.6 Mobile Computing Device Care
- The device battery must be charged and ready for school each day.
- Students will be held responsible for maintaining their individual devices and keeping them in good working order.
- Only labels or stickers approved by the Hull Public Schools may be applied to the device.
- Mobile computing devices that malfunction or are damaged must be reported to the technology department or assistant principal.
- The school district does not cover the mobile computing device if it is lost, stolen or damaged due to neglect.
- If it is determined that the damage, loss or theft was due to student or parent negligence or intentional conduct, the student/parent shall be liable for replacement or repair costs as directed by the Hull Public Schools. Students will not receive a replacement device until the cost of the damaged, lost, or stolen device is paid in full.

6.7 Student Discipline
The discipline procedure in the student handbook addresses serious and major offenses such as stealing and destruction of school or personal property, which apply to the mobile computing device. Depending on the seriousness of the offense, students may lose mobile computing device and/or network privileges as well as being held for detention, suspension or even in extreme cases expulsion.

7. PROTECTING & STORING YOUR MOBILE COMPUTING DEVICE

7.1 Mobile Computing Device Identification
Student devices will be labeled in the manner specified by the Hull Public Schools. Devices can be identified in the following ways:
- Serial number
- Hull Public Schools Asset Tag

7.2 Storing Your Issued Mobile Computing Device
When students are not using their devices, they should be stored in their locked lockers. The Hull Public Schools require that students use the lock provided by the school district. Nothing should be placed on top of the device when stored in the locker. Students are encouraged to take their devices home every day after school, regardless of whether or not they are needed. Devices should not be stored in a vehicle at school or at home. If a student needs a secure place to store their device, they may check it in for storage with their classroom teacher.

7.3 Devices Left in Unsupervised Areas
Under no circumstances should mobile computing devices be left in unsupervised areas. Unsupervised areas include the school grounds, the lunchroom, computer lab, locker rooms, library, unlocked classrooms, dressing rooms and hallways. This includes areas outside of the school system and any area where the device is not secure or properly supervised. Any device left in these areas is in danger of being stolen. If a mobile

computing device is found unattended by school staff, it will be taken to the principal's office.

8. LOSS OR DAMAGE

- If the device, cables, and/or cords are damaged, lost, or stolen, you are responsible for the reasonable cost of repair or its fair market value on the date of loss. You must immediately report this to the assistant principal.
- Loss or theft of the property must be reported to Hull Public Schools by the next school day after the occurrence.
- If your device is an iPad, it will have been purchased by the district to carry AppleCare protection. AppleCare does not cover an iPad if it is lost, stolen or damaged due to neglect. A cracked case or screen will not be covered under AppleCare and is considered neglect.

9. ONLINE EDUCATIONAL SERVICES

9.1 HPS utilizes many online applications and web-based tools to foster student learning through personalization, collaboration, and exploration. Online or "cloud" based applications and services extend student learning beyond the school day and building and provide accessibility to useful learning tools.

9.2 HPS uses educational accounts for most of its online services in order to have more control of settings and ease of classroom setup. Prior to using a service or application in the classroom, a staff member must contact the HPS Technology Office. HPS will review the service's privacy and security policies and inform teachers of best practices for using them responsibly. HPS does not approve providers who use personally identifiable information outside of Family Educational Rights and Privacy Act (FERPA) and Massachusetts student records law and do not meet third party standards. Once the application or online educational service has been approved, the staff member will be notified.

9.3 HPS provides these online educational programs and services, certain personal information, generally a student's name and email address and/or user name.

9.4 COPPA requires website operators to provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. COPPA, however, allows school districts to consent for the collection of personal information on behalf of students under the age of 13, eliminating the need for parental consent to be given to each website operator. To streamline the provision of educational services to students, the District will provide consent on behalf of all students. Any website operator who provides educational services is prohibited from disclosing student information to third parties. Parents may at any time request personal information collected from the website operator and ask for the website operator to delete the personal information maintained on the student.

9.5 HPS will maintain a list of programs currently being used by the District.

10. MISCELLANEOUS

10.1 These policies may be amended or supplemented from time to time by the Hull Public Schools. The Hull Public Schools may at any time waive, under appropriate circumstances, any of these terms and conditions.

10.2 The headings in this policy are for convenience and administrative purposes only and do not limit the application of the policy. If you do not completely understand any term of the policy, you are to ask for an explanation from the appropriate representative of the school. Signatures shall be taken as your representation that you understand and agree to the policy.

10.3 The Hull Public Schools will cooperate fully with local, state, or federal officials in any investigation concerning or relating to violations of computer crime or other laws. You have no rights of confidentiality when using a school issued mobile computing device. Contents of email, information regarding your Internet usage, and network communications may be reviewed at the sole discretion of the Hull Public Schools.

10.4 Many mobile computing devices come equipped with a microphone, front and rear-facing camera, and video capacities. The district retains the rights concerning any recording and/or publishing of any student or staff member's work or image. You must obtain permission from the principal or designee before recording an individual or group or publishing a photograph or video of any school related activity. Unauthorized recordings are subject to disciplinary action in accordance with the Internet Use Policy, student handbooks and applicable law.

10.5 You shall defend, exempt, indemnify and hold harmless the Hull Public Schools, its officers, agents, servants, representatives and/or employees from any and all claims, suits, actions, legal proceedings, demands, damages or judgments, including all expenses, attorney fees, witness fees, costs, and costs and expenses of appeals there from, arising out of your use of the mobile computing device including, but not limited to, your intentional or negligent acts and/or omissions. This paragraph shall survive termination of this Agreement.

10.6 The Mobile Computing Device Acceptable Use Policy must be reviewed and signed each school year.

10.7 I understand that I am to be solely responsible for the care and custody of the equipment listed above during the term of this loan agreement. I understand and agree that I will bear the cost of restoring the equipment to the condition described if it is damaged during the term of this agreement. I understand and agree that if the equipment is damaged beyond repair, or that I am unable for any reason to return it in the condition described, reasonable wear and use excepted, I will pay to the Hull Public Schools the fair value of said equipment.

Adoption: June 2017
First Reading: May 22, 2018
Second Reading: June 4, 2018
Adoption: June 18, 2018
Proposed reconsideration: June 2023
